

ANGEL

It's in your soul, it's in your eyes,
It's in your face, it's in your smile

Everything it feels worth while when I'm by your side
And I don't think that I'll sleep tonight until I'm by your side.

Angel, Angel you are a star,
Angel, an Angel is just what you are.
A he, A he Aha, and Angel is just what you are
A he, A he Aha, and Angel is just what you are
(Dance sounds)
