

## TOYS

Cars are racing around the corner  
Straight along and around the corner  
We can make the different noises using just our voices  
Broom, Broom.....

Skipping rope goes up and under  
As the children jump together  
We can make the different noises using just our voices  
Ti Tiss, Ti Tiss

Robot toys go jerking forward,  
Moving stiffly very slowly  
We can make the different noises using just our voices  
I AM A ROBOT, I AM A ROBOT,  
Each of us can choose a favourite Skipping rope or car or  
robot  
We can make the different noises using just our voices
