

## Wicked World

It's when the sun goes down  
It's when the waves roll in  
It's when the dark clouds clear  
That's when the people sing

It's when the music blasts  
That's when the party starts  
It's when the guy meets girl  
It's just a wicked world

Wave say hello, wave to say goodbye  
Wave say hello, wave to say goodbye  
I just don't know, don't know why  
I just don't know, don't know why
